LEARNING WITHOUT LIMITS · SPECIALIZATION CERTIFICATE

IBM

Red Hat

## 3 Courses

Fundamentals of Red Hat Enterprise Linux

Linux System Administration with IBM Power Systems

Private Cloud Management on IBM Power Systems

Jul 17, 2021

Vuong V. Trinh

has successfully completed the online, non-credit Specialization

Linux and Private Cloud Administration on IBM Power Systems

This specialization introduces Red Hat Enterprise Linux system administration and private cloud capabilities of IBM Systems. IBM Power servers will be used to demonstrate these concepts. Through three courses, you will learn a range of concepts from how to get started with Linux, to using Linux in a large cloud environment. Brought to you by IBM!
